Hi all- you may have already seen the email from Candace Smith, but the Flint Hills CAFO was signed & filed today. So the sooner this press release can be finalized, the better.
Please let me know when there's a final draft and a plan to send this out as their attorney is very interested in receiving an advance copy.
Thanks.

Shirin,

I think we should wait until Mark gets back next week to finalize this. I sent two press releases out today in his absence and have to turn my attention to some other enforcement cases assigned to me and some media interest resulting from the press releases I sent today.
Unless Mahri wants to take the baton on this one, I suggest we wait until Mark returns next week.
Hanady

Here are my suggestions on the Flint Hills CAFO press release.  
I just got the signed CAFO back from the respondent today so will put this version in the routing package and send it on its way.  
Hanady, I'm around if you want to discuss any of my suggestions. Thanks!
